armongate

VISITOR MANAGEMENT

Secure, fast, seamless, mobile visitor access management.

Benefits:

- ✓ Detailed statistical visitor dashboards
- ✓ Reduces operational costs
- ✓ Enhaces security and visiblity
- ✓ Eliminates waiting times at welcome desks
- ✓ Instant, accurate data

End to End Digital Visitor Experience

- Welcome guests without registration queues while safeguarding the workspace.
- In case of an emergency the number of visitors can be reported instantly providing critical data for first responders.
- Consent for occupational health and safety standards can be digitally managed and reported via the QR invitation.
- Integrated with license plate recognition, shorter vehicle entrance times.

Armongate digital key enables pre-registered visitors to enter the workspace contactless via QR codes sent by SMS or E-mail prior to the visit.
